

LARC Birds of a Feather: Scale Warbirds

Description: Offer tips, tricks, and discuss scale warbirds, and flying activity within the club. Schedule meetings at love-air to fly together. Discuss activity within the region in regards to upcoming events.

A scale warbird is a model aircraft that represents a full scale military aircraft. Traditionally any military aircraft is considered a warbird. Trainers, bombers, multi engine, biplanes, transports, and pursuit fighters. Any type of warbird is welcome. Foamy, ARF, kit built, or scratch built.
